

Blue World Carbon

Blue World Carbon (BWC) is an international company in the field of carbon development and advisory services. Our global team of professionals offers comprehensive carbon solutions to our clients in the renewable energy and energy efficiency sectors in both the CDM and JI market. BWC is headquartered in Belgium (Brussels) with offices in Russia, Ukraine, South Africa and Singapore and expanding further into Southeast Asia.

The company is expanding its presence across its main client markets and is currently seeking best-in-class professionals for its offices in Singapore, Indonesia and Vietnam. We are looking to attract those individuals that excel in their field and have a strong passion for their work. We are offering a dynamic working environment in a fast-growing organization, with an opportunity to develop and grow within the organization. We provide a competitive remuneration package and incentive structure.
